

## Student Comments for RUSSELL-BROWN, SHERRIE LYNNE for Fall 2013

Course	Comments
HR 20000 Sec: 04	This class was intellectually stimulating but also challenging. Professor Russel-Brown gives challenging reading but explains them clearly. The class is largely discussion based which is very helpful to people looking to establish their political beliefs. She really cares about each and every student and if you are willing to invest your time in her class, she will go above and beyond for you.
	A very sweet, warmhearted, respectable, and knowledgeable professor who was easy to talk to. She made the classroom setting very comfortable and fun, that it didn't even feel like I was going to class. Normally, I have a difficult time doing presentation as I get very antsy and nervous but surprisingly, I was able to confidently present and talk in front of the classroom. Professor Russell-Brown has a special ability to make people feel welcome and at ease. Furthermore, she approaches human rights theories and issues that is easy to understand and digest which I believe is essential for a Intro to Human Rights class.
	Professor Russell-Brown is one of the most intellectual, caring, and passionate teachers I've ever had in my educational career. She not only knows the material she is teaching but she goes above and beyond to insure that we as her students know the material and can provide examples for it as well. She has challenged me intellectually and made me want to be a better student especially in the Human Rights Dept. Anyone in her class has the capability to excel because she provides constructive feedback and is willing to meet with her students individually so that they can understand the material. I'd encourage anyone to take a class with her as their professor.
	I am so happy I took this course. It has increased my interest in the field. I will recommend this course and this Professor to my friends and friends of my friends. Professor Sherrie Russell-Brown is brilliant teacher, highly intelligent and professional, very kind. I am lucky I have chosen this course. THANK YOU!!!!
	I never had a Professor in Hunter like Prof. Russel Brown. She is absolutely amazing in her teaching and really knows how to engage the class fully. Discussion was always done in class and everyone always participates. She definitely cares about her students a lot. Definitely looking forward to another class with her.
	Such a great professor. She's ready to help and really kind to students. Explains material well with guided material, visual aid and audio/videos. She provides lots of resources. She allows us to have discussions in class that challenge me intellectually. She makes sure students understand and provides feedback and answers questions if we have any.
